

Copenhagen 20 July 2007

Dear Friends and Colleagues

Please, find enclosed the draft programme for the next ETA-CRN meeting, which will take place in Leipzig, September 1<sup>st</sup>, 2007.

You have a possibility to submit an abstract for the free communications. An abstract form is also enclosed. Please, return it by e-mail to me before August 15<sup>th</sup> 2007.

Apart from the ETACRN satellite meeting, the ETA meeting itself also contains a lot of cancer issues and sessions in the main programme. E.g. there is a satellite symposium on medullary carcinoma, 2 orals on the new AMGEN anticancer drug, and both clinical and basic cancer oral and poster sessions. For further information you can visit the ETA website or the website of the congress. You will also find information for registration and booking of hotel there.

We are looking forward to a very exciting scientific meeting with many stimulating discussions.

See you in Leipzig!

Very sincerely yours  
Ulla

Ulla Feldt-Rasmussen  
Secretary ETA-CRN
