

**In Memory of Gerard N. Burrow MD
1933-2013**

Gerard Noel Burrow, M.D. was a leading endocrinologist and expert on iodine deficiency disorders who served as dean of the medical schools at Yale and the University of California, San Diego. He was also a long-standing ETA member since 1976. Gerard Burrow passed away on 14th December 2013. He will be sadly missed by the ETA, our condolences go to his family.
